P.S.C.W. Volume No. 8

2nd Rev. Sheet No. G3.00
 Replaces 1st Rev. Sheet No. G3.00
 Amendment 506 Schedule DEF

Definitions	Natural Gas
R 1. <u>COMMISSION:</u> Public Service Commission of Wisconsin.	
R 2. <u>COMPANY:</u> Wisconsin Public Service Corporation.	
R 3. <u>CURTAIL/CURTAILED/CURTAILMENT:</u> A reduction in gas deliveries by the Company, normally necessitated by a Force Majeure event or a shortage of gas supply, interstate pipeline capacity, or distribution system capacity. The declaration of a curtailment is usually necessary to avoid an emergency situation, including but not limited to the loss of service to customers with a higher priority as listed in rate schedule CURT.	
R 4. <u>DEKATHERM OR "DTH":</u> A volume of gas containing an amount of energy equivalent to 1,000,000 British Thermal Units, measured on a dry basis. Equal to ten Therms.	
N 5. <u>FIRM GAS SUPPLY SERVICE:</u> Gas supply service that will normally not be Curtailed, except during a Force Majeure situation.	
R 6. <u>FORCE MAJEURE:</u> A situation that is occasioned by, or due to, but not limited to, acts of God; abnormally low gas delivery pressures to the Company by interstate pipelines serving the Company's system; operation of flow control devices by interstate pipelines serving the Company's system; strikes, lockouts or other industrial disturbances; acts of the public enemy, acts of terrorism, wars, blockades, insurrections, riots or epidemics; landslides, lightning, earthquakes, fires, storms, tornados, crevasses, floods or washouts; civic disturbances and arrests; restraints of any governmental unit, civil or military; explosions, sabotage, accident or breakdown to machinery, equipment or lines of pipe; the binding order of any court or governmental authority, civil or military; shutdowns or interruptions of service for necessary repairs, alteration, testing, relocation or construction of surface or underground facilities; failure of electronic data capability; the inability to obtain materials, supplies, permits, labor or rights of way; or any other cause of the kind herein enumerated not reasonably within the control of the party claiming suspension, provided that no cause or contingency shall relieve the customer of its obligation to make payment for gas delivered and/or sold by the Company. No failure or delay in performance regarding for natural gas service by either the Company or the customer due to a Force Majeure event shall be deemed to be a breach thereof.

7.	<p><u>GAS DAY:</u> The period of consecutive hours beginning at 9:00AM prevailing time in Green Bay, Wisconsin, and ending on the following 9:00AM prevailing time in Green Bay, Wisconsin. A Gas Day shall generally last for 24 hours, except when time changes occur for daylight savings time. The reference date for any Gas Day shall be the date of the beginning of such Gas Day.</p>
8.	<p><u>GAS SUPPLY ACQUISITION SERVICE:</u> The purchase and management of gas supplies by the Company for the customer.</p>
9.	<p><u>INCREMENTAL COSTS:</u> For purposes of the Surcharge For Unauthorized Use of Gas, Incremental Costs shall be the higher of "A" or "B" below:</p> <p>A. The currently approved monthly gas Commodity rate, as listed in rate schedule PGAC, or</p> <p>B. A gas cost component determined as the higher of "1" or "2" below; plus a cost component which recovers the equivalent value of the highest applicable interstate pipeline transportation and storage charges, including any penalties, capacity charges, storage withdrawal charges, volumetrically-applied commodity charges, fuel charges and applicable surcharges at the time of the unauthorized use.</p> <p>1. If, during any Gas Day of unauthorized use, the Company meets any increment of its total system requirements by making purchases on the open market, the gas cost component shall be the weighted average cost of the highest-cost gas supply purchases purchased by the Company on the Gas Day which is sufficient to meet the total quantity of unauthorized gas usage that Gas Day.</p> <p>2. If, during any Gas Day of unauthorized use, the Company meets any increment of its total system requirements by means of withdrawals of Company-owned storage gas or imbalances with the interstate pipeline(s) serving the Company's system, the gas cost component shall be the highest of "a", "b" or "c" below:</p> <p>a. The weighted average cost of storage gas withdrawn, or</p> <p>b. The highest cost gas (inclusive of any related excess imbalance fees) which the Company is charged by the interstate pipeline(s) serving the Company's system for any gas imbalance cashout during the Gas Day of unauthorized use, or</p>
