For office use only

## **NET METERING APPLICATION**

## FOR PROJECTS WITH AGGREGATE GENERATOR OUTPUT 20 kW OR LESS

**Electric Utility Contact Information** 

Corey Kuchta	Application No
Wisconsin Public Service	Date & Time Application Received
1717 10th Ave.	
Menominee, MI 49858	
906-863-4319	
corey.kuchta@wisconsinpublicservice.com	
corey.Ruchta@wisconsinpublicservice.com	
Customer / Accou	unt Information
Electric Utility Customer Information: ( As shown on utility bill )	
Customer Name ( Last, First, Middle):	
Customer Mailing Address:	
Customer Phone Number:	
Customer E-Mail Address: ( optional )	
Electric Service Account #	
Electric Service Meter Number:	
Are you interested in selling Renewable Energy Credits (REC's)?	☐ Yes ☐ No
Do You Have an Alternative Electric Supplier ☐ Yes ☐ No	
Do You Have an Alternative Electric Supplier ☐ Yes ☐ No	Name: I
The second secon	
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alterna	ot the utility.
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation	ot the utility. ate Energy Provider (if applicable) for Net Metering
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no	ot the utility. ate Energy Provider (if applicable) for Net Metering
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation	ot the utility. ate Energy Provider (if applicable) for Net Metering
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known	ot the utility. ate Energy Provider (if applicable) for Net Metering
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System	ot the utility. ate Energy Provider (if applicable) for Net Metering
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known	ot the utility. ate Energy Provider (if applicable) for Net Metering
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known	ot the utility. ate Energy Provider (if applicable) for Net Metering
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known	ot the utility. ate Energy Provider (if applicable) for Net Metering
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known	ot the utility. ate Energy Provider (if applicable) for Net Metering
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):	ot the utility.  ate Energy Provider (if applicable) for Net Metering  Site Information
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours  Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)	the utility. ate Energy Provider (if applicable) for Net Metering  Site Information  kWh/year kW
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours	the utility. ate Energy Provider (if applicable) for Net Metering  Site Information  kWh/year kW
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours  Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)	the utility. ate Energy Provider (if applicable) for Net Metering  Site Information  kWh/year kW
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours  Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)  Generation System  Generation System	the utility. ate Energy Provider (if applicable) for Net Metering  Site Information  kWh/year kW
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)  Generation System  System Type ( Solar, Wind, Biomass, Fuel Cell, etc ):	the utility.  ate Energy Provider (if applicable) for Net Metering  Site Information  kWh/year kW
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)  Generation System  System Type ( Solar, Wind, Biomass, Fuel Cell, etc ): Total Generator Nameplate DC Rating (Solar Only): Total Generator Nameplate AC Rating: Generator AC Output Voltage:	the utility.  Site Information    KWh/year   kW   kW   kW   kW   kW   kW   kW   k
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)  Generation System  System Type ( Solar, Wind, Biomass, Fuel Cell, etc ): Total Generator Nameplate DC Rating (Solar Only): Total Generator Nameplate AC Rating: Generator AC Output Voltage: Generator Wiring Configuration ( Single Phase, Three Phase ):	the utility.  ate Energy Provider (if applicable) for Net Metering  Site Information
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)  Generation System  System Type ( Solar, Wind, Biomass, Fuel Cell, etc ): Total Generator Nameplate DC Rating (Solar Only): Total Generator Nameplate AC Rating: Generator AC Output Voltage:	the utility.  Site Information    KWh/year   kW   kW   kW   kW   kW   kW   kW   k
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)  Generation System  System Type ( Solar, Wind, Biomass, Fuel Cell, etc ): Total Generator Nameplate DC Rating (Solar Only): Total Generator Nameplate AC Rating: Generator AC Output Voltage: Generator Wiring Configuration ( Single Phase, Three Phase ): Expected Annual Output in Kllowatthours	the utility.  Site Information    KWh/year
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternative Generation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)  Generation System  System Type ( Solar, Wind, Biomass, Fuel Cell, etc ): Total Generator Nameplate DC Rating (Solar Only): Total Generator Nameplate AC Rating: Generator AC Output Voltage: Generator Wiring Configuration ( Single Phase, Three Phase ): Expected Annual Output in Kllowatthours	the utility.  ate Energy Provider (if applicable) for Net Metering  Site Information
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternative Generation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)  Generation System  System Type ( Solar, Wind, Biomass, Fuel Cell, etc ): Total Generator Nameplate DC Rating (Solar Only): Total Generator Nameplate AC Rating: Generator AC Output Voltage: Generator Wiring Configuration ( Single Phase, Three Phase ): Expected Annual Output in Kllowatthours	the utility.  Site Information    KWh/year
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours  Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)  Generation System  System Type ( Solar, Wind, Biomass, Fuel Cell, etc ): Total Generator Nameplate DC Rating (Solar Only): Total Generator Nameplate AC Rating: Generator AC Output Voltage: Generator Wiring Configuration ( Single Phase, Three Phase ): Expected Annual Output in Kllowatthours  Customer Signat  Attach \$25 Net Metering Application Fee  (Check # / M.	the utility.  ate Energy Provider (if applicable) for Net Metering    Site Information
Notes:: Enter name ONLY if your energy is supplied by a 3rd party, no You must apply to both the Distribution Utility and your Alternative Generation System  Interconnection Application Number, if known  Physical Site Service Address (if not Billing Address):  Annual Site Requirements Without Generation in Kllowatthours Peak Annual Site Demand in Kilowatts (only for customers billed on demand rates)  Generation System  System Type ( Solar, Wind, Biomass, Fuel Cell, etc ): Total Generator Nameplate DC Rating (Solar Only): Total Generator Nameplate AC Rating: Generator AC Output Voltage: Generator Wiring Configuration ( Single Phase, Three Phase ): Expected Annual Output in Kllowatthours	the utility.  ate Energy Provider (if applicable) for Net Metering  Site Information
