

# Explanation of the Wisconsin Act 28 Fee

Beginning September 28, 2009, Wisconsin Public Service customers in the state of Wisconsin will begin seeing a "Wisconsin 2009 Act 28" fee on their monthly electric bill.

This charge is a result of a provision included in the Wisconsin Legislative budget bill, which requires that all Wisconsin electric utilities collect a fee from customers to help fund District Attorney salaries and benefits across the state. The charge will appear on customers' bills through June 30, 2011, unless additional action is taken by the legislature.

For WPS, this means that our residential customers will pay about \$3.24 annually, while the charge for commercial customers will be close to \$10 annually. The fee is to be charged per electric meter or service, so customers with multiple accounts could see higher charges.

If you have any questions, or would like more information about Act 28, please contact the Department of Administration at **866-432-8947** or visit their Web site at **[homeenergyplus.wi.gov](http://homeenergyplus.wi.gov)**.
