

<b>Small Commercial and Industrial Service</b>		<b>Electric</b>
<u>EFFECTIVE IN</u> Class I, II and IV rate territory.		
<u>AVAILABILITY</u>		
This schedule is available to small commercial and industrial customers where:		
1. Total monthly energy consumption has exceeded 12,500 kwh for three consecutive months and, after qualifying at least once in succeeding rolling 12 month periods; or 2. Does not meet the availability criteria for the Cg-20 and Cp rate schedules.		
For new customers the company may, at its discretion, waive the three month qualification period when, in the company's judgment, the customer would obviously meet the qualification criteria. The company shall inform the customer in writing that failure of the customer to meet the qualification criteria after a waiver is granted will result in:		
1. The customer being immediately placed on the appropriate rate schedule, and 2. Backbilling to reflect the appropriate rate schedule from the date the waiver was originally effective.
