N	<u>Terms &amp; Conditions</u>
N N N	1. In addition to the rate above, all rates and conditions of delivery of the respective rate schedule under which the customer is currently served under are applicable.
N N N N	2. Customers may sign up for this voluntary program via written form, web site/internet, over the phone, or other means acceptable to the Company. No contract is required and customers can terminate via the same communication methods used for sign-up.
N N	3. Company retains the right to require contracts with up to one-year terms for customers purchasing twenty or more 100 KWh Renewable Energy Blocks.
N N N N	4. In the event the customer uses less energy in a month than the cumulative total of the blocks of energy purchased under the Naturewise program, the customer is still responsible for payment for the blocks of renewable energy purchased.
N N	5. Fuel Clause Adjustments shall apply to the renewable energy block(s) in the same manner as applied to other electric consumption of the customer.
N N	6. Company retains the right to deny service to or terminate service under this tariff to customers in arrears with the Company.
N N N	7. Service under this tariff will normally commence upon the customers meter reading date. Fractional and partial months shall be prorated in the same manner as Customer Charges.
N N N N N	8. Service under this tariff provides for the generation or purchase of renewable generation into the Company's control area system and not actual delivery to customers taking service under this tariff. The reconciliation of Renewable Generation supply and the total amount of KWh purchased by customers under this tariff shall be done on an annual basis.
N N N N	9. Renewable Generation supply can be obtained by the purchase, use or redemption of renewable credits under the Renewable Portfolio Standard that are generated by facilities certified by the PSCW and approved by the PSCW for Green Pricing.
