Continued from Sheet No. E5.32										
<u>MINIMUM CHARGE</u> The monthly minimum charge is the customer charge.										
<u>SPECIAL TERMS AND PROVISIONS</u>										
1. This rate schedule will apply for a minimum of <u>three months</u> from the date consumption under this tariff is initiated.										
2. Upon terminating service under this rate schedule, a customer shall not be eligible to begin taking service again under this rate schedule for a minimum period of <u>one year</u> , unless approved by the company in special circumstances where there is no intent by the customer to circumvent the rate design.										
3. Any customer choosing to be served on this rate schedule thereby waives all rights to any billing adjustments arising from a claim that the bill for the customer's service would be cheaper on any alternative rate schedule for any period of time, including any rights under Wisconsin Administrative Code Section 113.0406 (4), Reg, January, 2004, No. 577.										
4. The meter must be located outside or in a location that is readily accessible by Company personnel during normal working hours.										
5. Controlled service for storage type water heaters is available to customers taking service under this rate schedule and meeting the rules specified in Rate Schedule GwX. The following rules shall also apply:										
a. Rule 6. of Rate Schedule GwX shall be modified for service under this provision to allow for disconnection of the controlled water heater during the on peak hours of this rate schedule.										
b. The following customer charge shall be in addition to the customer charge applicable to service under this rate schedule:
